**DETAILED ACTION**

***Drawings***

1. The drawings were received on August 9 2007. These drawings are acceptable.

***Terminal Disclaimer***

2. The terminal disclaimer filed on August 9 2007 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of U.S. Patent No. 6,582,403 has been reviewed and is accepted. The terminal disclaimer has been recorded.

***Allowable Subject Matter***

3. Claims 1, 3-9, and 11-22 are allowed.

***Election/Restrictions***

4. Newly submitted claims 23-29 are directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: Newly submitted claim 23 is drawn to a method for securing a medical article to a patient which is distinct from the invention originally claimed because the method of claim 23 has the steps of adhering a base with posts having heads which define an overhang surface, positioning a medical article on the base such that a portion of the medical articles lies below the overhang surfaces, and securing the medical article to the base by expanding a plurality

of openings about the heads of the posts. These steps, especially with regards to the step of expanding the plurality of openings, are distinct from the steps of the method originally claimed.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 23-29 are withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

### ***Conclusion***

5. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
